Why You Need Accident Insurance

A serious accidental injury or death can have tremendous consequences. A serious injury may prevent you from meeting your financial obligations and your loss of life may leave your spouse with insufficient financial resources to pay for the care that your loved ones may require.

Your employer has provided for you Business Travel Accident Insurance coverage underwritten by Chartis Insurance Company of Canada. The policy provides a lump sum benefit to help ease the financial impact and assure your family's needs are met if you should suffer loss of life as a result of an accident. Your accident coverage also provides you with 'living benefits' should an accident leave you paralyzed or should you lose through severance or loss of use of a limb, sight, speech or hearing.

How It Works

You are automatically covered for a Principal Sum amount of \$100,000.00.

Here's What You Get

Broad Accident Insurance Coverage - Your plan provides generous Accidental Death & Dismemberment benefits for injuries as a result of covered accidents while you are travelling on business for the Policyholder.

Guaranteed Acceptance - Coverage is provided regardless of your health history.

Business Travel Worldwide Coverage - Your coverage is in force while you are travelling on business for the Policyholder.

Why You Need Emergency Out of Country Medical Coverage

Each Canadian Province and Territory provides a Health Plan with comprehensive benefits for Hospital confinement, the service of medical Doctors and other health practitioners, ambulance services etc. In many cases, the benefits provided by these plans will pay all, or almost all, of the expenses you incur in your home province.

When you are outside your Country of residence and require these services, your Provincial Health Plan will usually make a payment towards your expenses but that payment is usually limited to the amount that would have been paid for the same services in the Province in which you reside. Unfortunately, there is often a tremendous difference between the cost of these services outside Canada and the amounts allowed by your Health Plan, which you would have to pay were it not for this valuable benefit.

This Plan provides extensive coverage for many services rendered outside Canada. It is important to note that such expenses are covered provided that they were unexpected and of an emergency nature. The Plan does not provide benefits for medical treatment if the purpose of your trip outside Canada is to obtain that medical treatment.

How it Works

You are automatically covered under this plan, if you are an active employee or volunteer of Youth Challenge International and under the age of 65.

Here's What You Get

Broad Emergency Out of Country Medical Coverage - Your plan provides extensive coverage for medical emergencies outside Canada.

"Dependent Child" means a person who is either your natural child, adopted child or step-child or a child to whom you are *in loco parentis* and who is:
